FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2022
OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE
ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-08429

THUNDER MOUNTAIN GOLD, INC.

(Exact name of Registrant as specified in its charter)

Nevada

(State or other jurisdiction of incorporation or organization)

91-1031015

(IRS identification No.)

11770 W President Dr. STE F

Boise, Idaho

(Address of Principal Executive Offices)

83713-8986

(Zip Code)

(208) 658-1037

(Registrant's Telephone Number, including Area Code)

Securities registered pursuant to Section 12(g) of the Act:

| Title of Each Class | Trading Symbol(s) | Name of Each Exchange on Which Registered |
|---------------------------------|-------------------|---|
| Common Stock, \$0.001 par value | THMG THM | OTCQB TSX-V |

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company (as defined in Rule 12b-2 of the Exchange Act) or an emerging growth company

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act)

Yes No

Number of shares of issuer's common stock outstanding at April 22, 2022: 60,855,579

1. Summary of Significant Accounting Policies and Business Operations

Business Operations

Thunder Mountain Gold, Inc. (“Thunder Mountain”, “THMG”, or “the Company”) was originally incorporated under the laws of the State of Idaho on November 9, 1935, under the name of Montgomery Mines, Inc. In April 1978, the Montgomery Mines Corporation was obtained by a group of the Thunder Mountain property holders and changed its name to Thunder Mountain Gold, Inc., with the primary goal to further develop their holdings in the Thunder Mountain Mining District, located in Valley County, Idaho. Thunder Mountain Gold, Inc. takes its name from the Thunder Mountain Mining District, where its principal lode mining claims were located. For several years, the Company’s activities were restricted to maintaining its property position and exploration activities. During 2005, the Company sold its holdings in the Thunder Mountain Mining District. During 2007, the Company acquired the South Mountain Mines property in southwest Idaho and initiated exploration activities on that property, which continue today.

On February 27, 2019, the Company entered into an Option Agreement, (the “BeMetals Option Agreement”) with BeMetals Corporation. Under the terms of the BeMetals Option Agreement, BMET USA will be entitled to purchase 100% of the issued and outstanding shares of South Mountain Mines, Inc. (“SMMI”) from Thunder Mountain Resources, Inc. (“TMRI”), both wholly owned subsidiaries of the Company. The original term of the agreement was for two years, but was extended on May 18, 2020 by three months. On September 14, 2021, the BeMetals Option Agreement was amended, extending the option period to December 31, 2022, due to the COVID-19 pandemic, and business conditions surrounding restricted international travel, and corresponding access to capital markets. During this term, BeMetals is required to conduct a preliminary economic assessment (“PEA”), completed by a mutually agreed third-party engineering firm. Over its term, this agreement requires issuance of 10,000,000 million shares of BMET stock to the Company by BeMetals, and cash payments to the Company of \$1,350,000: \$1,100,000 in cash and \$250,000 in exchange for shares of the Company’s common stock. In the event that BeMetals decides not to proceed with the South Mountain Project, BeMetals will not be obligated to make any additional payments. See Note 3 for further information.

Basis of Presentation and Going Concern

The accompanying consolidated financial statements have been prepared under the assumption that the Company will continue as a going concern. The Company has historically incurred losses, however, under the BeMetals Option Agreement (Note 3), the Company now has a recurring source of revenue, and its ability to continue as a going concern is no longer dependent on equity capital raises and borrowings. However, if necessary, the Company continues to have the ability to raise additional capital in order to fund its future exploration and working capital requirements. The Company’s plans for the long-term continuation as a going concern include operating on the cash flows and consideration payments provided under the BeMetals Option Agreement.

COVID-19

In March 2020, COVID-19 was declared a pandemic by the World Health Organization and the Centers for Disease Control and Prevention. Its rapid spread around the world and throughout the United States prompted many countries, including the United States, to institute restrictions on travel, public gatherings and certain business operations. These restrictions disrupted economic activity in Thunder Mountain Gold’s business related to raising capital. As of March 31, 2022 and 2021, the disruption did not materially impact the Company’ financial statements. However, if the severity of the economic disruptions increase as the duration of the COVID-19 pandemic continues, the negative financial impact could be significantly greater in future periods.

The effects of the continued outbreak of COVID-19 and related government responses could also include extended disruptions to supply chains and capital markets, reduced labor availability and a prolonged reduction in economic activity. These effects could have a variety of adverse impacts to the Company. As of March 31, 2022, and 2021 there were no material adverse impacts to the Company’ operations due to COVID-19.

In addition, the economic disruptions caused by COVID-19 could also adversely impact the impairment risks for certain long-lived assets and other investments. Thunder Mountain Gold evaluated these impairment considerations and determined that no such impairments had occurred as of March 31, 2022, and 2021.

The effects of the continued outbreak of COVID-19 and related government responses could have disruptions to the “BeMetals Option Agreement”. In the event, if BeMetals decides not to proceed with the South Mountain Project, BeMetals will not be obligated to make any additional payments. The COVID-19 outbreak could have a variety of adverse impacts to the Company, including their ability to continue operations of their exploration under the BeMetals Options Agreement. As of March 31, 2022, there were no material adverse impacts to the Company’s BeMetals Options Agreement due to COVID-19.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company; its wholly owned subsidiaries, Thunder Mountain Resources, Inc. (“TMRI”) and South Mountain Mines, Inc. (“SMMI”); and a company in which the Company owns 75% and has majority control, Owyhee Gold Trust, LLC (“OGT”). The Company’s consolidated financial statements reflect the other investor’s 25% non-controlling, capped interest in OGT. Intercompany accounts are eliminated in consolidation.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The more significant areas requiring the use of management estimates and assumptions include the carrying value of properties and mineral interests, environmental remediation liabilities, deferred tax assets, and stock-based compensation. Management’s estimates and assumptions are based on historical experience and other assumptions believed to be reasonable under the circumstances. Actual results could differ from those estimates.

Revenue Recognition

Management service revenue is recognized when the Company has satisfied its performance obligation required under its management contract with BeMetals. Such obligation is satisfied over time as work is performed and the Company has a contractual right to payment.

Income Taxes

The Company recognizes deferred income tax liabilities or assets at the end of each period using the tax rate expected to be in effect when the taxes are actually paid or recovered. A valuation allowance is recognized on deferred tax assets when it is more likely than not that some or all of the deferred tax assets will not be realized.

Cash and Cash Equivalents

For the purposes of the balance sheet and statement of cash flows, the Company considers all highly liquid investments with a maturity of three months or less when purchased to be a cash equivalent.

Fair Value Measurements

When required to measure assets or liabilities at fair value, the Company uses a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used. The Company determines the level within the fair value hierarchy in which the fair value measurements in their entirety fall. The categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Level 1 uses quoted prices in active markets for identical assets or liabilities, Level 2 uses significant other observable inputs, and Level 3 uses significant unobservable inputs. The amount of the total gains or losses for the period are included in earnings that are attributable to the change in unrealized gains or losses relating to those assets and liabilities still

held at the reporting date. At March 31, 2022, the Company has one financial asset, investment in equity security, that is adjusted to fair value on a recurring basis for which the fair value is determined based on Level 1 inputs as the equity security is traded on a stock exchange. The Company has no financial liabilities that are adjusted to fair value on a recurring basis.

Financial Instruments

The Company's financial instruments include cash and cash equivalents, investment in BeMetal's equity security and related party notes payable, the carrying value of which approximates fair value based on the nature of those instruments.

Investments

The Company determines the appropriate classification of investments at the time of acquisition and re-evaluates such determinations at each reporting date. Equity securities that have a readily determined fair value are carried at fair value determined using Level 1 fair value measurement inputs with the change in fair value recognized as unrealized gain (loss) in the consolidated statement of operations each reporting period. Gains and losses on the sale of securities are recognized on a specific identification basis.

Mineral Interests

The Company capitalizes costs for acquiring mineral interests, and expenses costs to maintain mineral rights and leases as incurred. Exploration costs are expensed in the period in which they occur. Should a property reach the production stage, these capitalized costs would be amortized using the units-of-production method based on periodic estimates of ore reserves. Mineral interests are periodically assessed for impairment of value and any subsequent losses are charged to operations at the time of impairment.

If a mineral interest is abandoned or sold, its capitalized costs are charged to operations. Consideration received by the Company pursuant to joint ventures or purchase option agreements is applied against the carrying value of the related mineral interest. When and if payments received exceed the carrying value, the excess amount is recognized as a gain in the consolidated statement of operations in the period the consideration is received.

Investments in Joint Ventures

For companies and joint ventures where the Company holds more than 50% of the voting interests, but less than 100%, and has significant influence, the company or joint venture is consolidated, and other investor interests are presented as noncontrolling. See Note 3 regarding the Company's investment in Owyhee Gold Trust. Joint ventures in which the Company has the ability to exercise significant influence, but does not control, are accounted for under the equity method of accounting.

Reclamation and Remediation

The Company's operations have been, and are subject to, standards for mine reclamation that have been established by various governmental agencies. The Company would record the fair value of an asset retirement obligation as a liability in the period in which the Company incurred a legal obligation for the retirement of tangible long-lived assets. A corresponding asset would also be recorded and depreciated over the life of the asset.

For non-operating properties, the Company accrues costs associated with environmental remediation obligations when it is probable that such costs will be incurred, and they are reasonably estimable. Such costs are based on management's estimate of amounts expected to be incurred when the remediation work is performed. At March 31, 2022 and 2021, the Company had accrued \$65,000 on its consolidated balance sheets relating to estimated mine closure and reclamation costs on its South Mountain Mines property.

Share-Based Compensation

Share-based payments to employees and directors, including grants of employee stock options, are measured at fair value and expensed in the consolidated statements of operations over the vesting period.

Recent Accounting Pronouncements

Accounting Standards Updates Adopted

In August 2020, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2020-06 Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging—Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity. The update is to address issues identified because of the complexity associated with applying generally accepted accounting principles for certain financial instruments with characteristics of liabilities and equity. The update is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years and with early adoption permitted. Management is evaluating the impact of this update on the Company’s financial statements.

In November 2021, the FASB issues ASU 2021-10, *Government Assistance (Topic 932), Disclosures by Business Entities About Government Assistance*, which requires entities to provide disclosures on material government assistance transactions for annual reporting periods. The disclosures include information about the nature of the assistance, the related accounting policies used to account for the government assistance, the effect of government assistance on the entities financial statements, and any significant terms and conditions on the agreements, including commitments and contingencies. ASU 2021-10 is effective for annual periods beginning after December 31, 2021. We are currently assessing the impact of this guidance on our Consolidated Financial Statements and disclosures.

Other accounting standards that have been issued or proposed by FASB that do not require adoption until a future date are not expected to have a material impact on the financial statements upon adoption.

Net Income (Loss) Per Share

The Company is required to have dual presentation of basic earnings per share (“EPS”) and diluted EPS. The Company calculates basic earnings (loss) per share by dividing net income or loss available to common stockholders by the weighted average number of common shares outstanding. We do not include the impact of any potentially dilutive common stock equivalents in our basic earnings (loss) per share calculations. Diluted earnings per share reflect potentially dilutive common stock equivalents, including options and warrants that could share in our earnings through the conversion of common shares, except where their inclusion would be anti-dilutive. For the quarters ended March 31, 2022 and 2021, stock options of 4,775,000 and 5,705,000, respectively were excluded from the calculation of diluted earnings per share as their effect would have been anti-dilutive due to the net loss for the respective periods.

2. Mineral Interest Commitments

The Company has two lease arrangements with landowners that own land parcels adjacent to the Company’s South Mountain patented and unpatented mining claims. The leases were originally for a seven-year period, with annual payments of \$20 per acre. The leases were renewed for an additional 10 years at \$30 per acre paid annually; committed payments as of March 31, 2022 are listed in the table below. The leases have no work requirements.

| | |
|-----------------------|---------------------------|
| | Annual Payment |
| Acree Lease (June) | \$ 3,390 |
| Lowry Lease (October) | 11,280 |
| Total | \$ 14,670 |

The Company has 26 unpatented claims (533 acres) in the Trout Creek area and 21 unpatented claims in the South Mountain area.

The claim fees are paid on these unpatented claims annually as follows:

| <u>Target Area</u> | <u>2021</u> |
|------------------------------------|-----------------|
| Trout Creek -State of Nevada | \$ 4,290 |
| Trout Creek -Lander County, Nevada | 324 |
| South Mountain-State of Idaho | 3,465 |
| Total | \$ 8,079 |

3. South Mountain Project

BeMetals Option Agreement:

On February 27, 2019, the Company entered into an Option Agreement, (the “BeMetals Option Agreement”) with BeMetals Corp., a British Columbia corporation (“BeMetals”), and BeMetals USA Corp., a Delaware corporation (“BMET USA”), a wholly owned subsidiary of BeMetals. Under the terms of the BeMetals Option Agreement, BMET USA will be entitled to purchase 100% of the issued and outstanding shares of SMMI from TMRI, both wholly owned subsidiaries of the Company. SMMI is the Company’s subsidiary that holds the Company’s investment in the South Mountain project mineral interest. The original term of the agreement is for two years with BeMetals completing a PEA completed by a mutually agreed third-party engineering firm. On May 18, 2020, the Company extended the BMET Option Agreement by three months from the existing BeMetals Option Agreement date, due to the COVID-19 pandemic, and business conditions surrounding restricted international travel, and corresponding access to capital markets.

On September 14, 2021, the BeMetals Option Agreement was amended, effecting Tranche 6 with the addition of Tranches 7 and 8. The option period has been extended to December 31, 2022, unless agreed to be further extended by all parties.

Pursuant to the amended BeMetals Option Agreement, BMET USA will be entitled to purchase 100% of the outstanding shares of SMMI from TMRI if the following obligations are satisfied:

- Tranche 1: cash payment of \$100,000 to TMRI within 1 business day of delivery of voting support agreements from shareholders of THMG who hold or control shares carrying more than 50% of the voting rights attached to all outstanding THMG Shares. Payment was received on March 5, 2019 and is nonrefundable.
- Tranche 2: Tranche 2 conditions were completed on June 10, 2019, with the issuance of 10 million common shares of BMET USA to TMRI having a fair value of \$1,883,875; and BMET USA’s purchase of 2.5 million shares of THMG common stock at a price of \$0.10 per share, for an aggregate purchase price of \$250,000, on a private placement basis (received June 2019).
- Tranche 3: Cash payment of \$250,000 on or before the 6-month anniversary of the Tranche 2. Payment was received on December 10, 2019.
- Tranche 4: Cash payment of \$250,000 on or before the 15-month anniversary of the Tranche 2, was received on September 10, 2020, and was recognized as a gain on sale of mineral interest during the year ended December 31, 2020.
- Tranche 5: Cash payment of \$250,000 on or before the 21-month anniversary of the Tranche 2, was received on March 5, 2021, and recognized as a gain on sale of mineral interest for the period ended March 31, 2021.
- Tranche 6: Cash payment of \$250,000 on or before September 30, 2021, which was received on September 10, 2021, and fulfilled the cash option payment requirement per the original agreement.
- Tranche 7: Commencing from September 14, 2021, BeMetals shall fund and complete a surface drilling exploration program with a minimum of 7,000 feet. Including but not limited to corresponding sampling and analysis.

- Tranche 8: Upon BeMetal’s intention to exercise their option, and completion of Tranches 1 through 7. An additional payment of an amount equal to the lesser of 50% of the market capitalization of BeMetals at the time, and the greater of either \$10 million; or 20% of the net present value of the South Mountain Project as calculated in the PEA, and discounted at 8%. Less the sum of:
 - US\$850,000 being the total cash payments made by BMET USA.
 - The Tranche 2 Shares Value \$1,883,875.
 - The aggregate value of the South Mountain Project Liabilities, excluding reclamation and environmental liabilities.

BeMetals Management Service Income

Concurrent with the BeMetals Option Agreement, BMET USA and SMMI entered a management contract whereby BeMetals will pay \$25,000 monthly to SMMI for management services to enable BMET to perform exploration and development work with respect to the South Mountain Project. Management service income of \$75,000 was recognized for the quarters ended March 31, 2022, and 2021, respectively.

Advance from BeMetals

BeMetals provides funding to SMMI for ongoing project expenses, including office lease payments. Under the terms of the Option Agreement, SMMI’s management provides BeMetals a request for funds monthly to cover the upcoming month’s expenses. At March 31, 2022 and December 31, 2021, advances received from BeMetals that have not yet been spent totaled \$64,518 and \$36,187, respectively.

SMMI Joint Venture – OGT, LLC

The Company’s wholly owned subsidiary SMMI is the sole manager of the South Mountain Project in its entirety through a separate Mining Lease with Option to Purchase (“Lease Option”) with the Company’s majority-owned subsidiary OGT. The Lease Option includes a capped \$5 million less net returns royalties paid through the date of exercise. The Lease Option expires in November 2026. If SMMI exercises the option, the option payment of \$5 million less advance royalties will be distributed 100% by OGT to OGT’s minority member. Under the Lease Option, SMMI pays an advance \$5,000 net returns royalty to OGT annually on November 4 which is distributed to OGT’s minority member.

4. Investment in BeMetals Corp.

In June 2019 in connection with the BeMetals Option Agreement (see Note 3), the Company received 10,000,000 shares of BeMetals Corp. common stock that had a fair value of \$1,883,875.

The fair value of the Company’s shares in BeMetals is \$1,281,620 at March 31, 2022, compared to the fair value of the investment of \$1,520,684 at December 31, 2021. For the period ended March 31, 2022, the Company had an unrealized loss of \$239,064.

5. Property and Equipment

The Company’s property and equipment are as follows:

| | <u>March 31</u> | <u>December 31,</u> |
|------------------------|-----------------|---------------------|
| | <u>2022</u> | <u>2021</u> |
| Vehicles | \$ 22,441 | 22,441 |
| Buildings | 65,071 | 65,071 |
| Construction Equipment | 36,447 | 36,447 |
| Mining Equipment | 58,646 | 58,646 |
| | <u>182,605</u> | <u>182,605</u> |

| | | |
|------------------------------|-------------------|----------------|
| Accumulated Depreciation | (181,059) | (180,500) |
| | 1,546 | 2,105 |
| Land | 280,333 | 280,333 |
| Total Property and Equipment | \$ <u>281,879</u> | <u>282,438</u> |

7. Related Parties

Notes Payable

On March 31, 2022, the Company had a notes payable balance of \$66,768 due to Eric Jones. Mr. Jones is the Company's President and Chief Executive Officer. Mr. Jones received no payments during the quarter ended March 31, 2022. The note, as amended, stopped accruing monthly interest on January 1, 2021. Mr. Jones had accrued interest payable at March 31, 2022 and December 31, 2021 of \$47,698.

James Collord, the Company's Vice President and Chief Operating Officer was paid \$40,000, paying off the principal of the note payable balance of \$39,808 as well as \$192 of accrued interest during the year ended December 31, 2021. Mr. Collord had accrued interest payable at March 31, 2022 and December 31, 2021 of \$32,479.

Deferred Officer Compensation

Three of the Company's officers began deferring compensation for services on April 1, 2015. On July 31, 2018, the Company stopped expensing and deferring compensation for the three Company officers in the interest of marketing the SMMI project. As part of the BeMetals agreement (Note 3), the Company resumed compensation for these officers on May 15, 2019. The officers deferred compensation balances at March 31, 2022 and December 31, 2021 represent the balances deferred prior to the BeMetals agreement and are as follows: Eric Jones, President and Chief Executive Officer - \$420,000; Jim Collord, Vice President and Chief Operating Officer - \$420,000; and Larry Thackery, Chief Financial Officer - \$201,500.

Accrued Related Party Liability

The Company engaged Baird Hanson LLP ("Baird"), a company owned by one of the Company's directors, to provide legal services. At March 31, 2022 and December 31, 2021, the balance due to Baird for prior years' legal services was \$166,685.

8. Stockholders' Equity

The Company's common stock has a par value of \$0.001 with 200,000,000 shares authorized. The Company also has 5,000,000 authorized shares of preferred stock with a par value of \$0.0001.

9. Stock Options

The Company has a Stock Incentive Plan (the "SIP") that provides for the grant of stock options, incentive stock options, stock appreciation rights, restricted stock awards, and incentive awards to eligible individuals including directors, executive officers and advisors that have furnished bona fide services to the Company not related to the sale of securities in a capital-raising transaction.

On March 21, 2022, the Company granted 1,820,000 stock options to officers and directors of the Company. The fair value of the options was determined to be \$158,341 using the Black Scholes model. The total amount of compensation cost recognized for share-based payment awards to nonemployees was \$13,920. The Company has elected to recognize the effect of forfeitures in compensation cost when they occur. Previously recognized compensation cost for a nonemployee share-based payment award shall be reversed in the period that the award is forfeited. The options are exercisable on or before March 21, 2027 and have an exercise price of \$0.09. The options were fully vested upon grant and the entire fair value was recognized as compensation expense during the quarter ended March 31, 2022.

The fair value of each option award was estimated on the date of the grant using the assumptions noted in the following table:

| | <u>March 21, 2022</u> |
|---------------------------|-----------------------|
| Stock price | \$0.088 |
| Exercise price | \$0.09 |
| Expected volatility | 188.9% |
| Expected dividends | - |
| Expected terms (in years) | 5.0 |
| Risk-free rate | 2.39% |

For the period ended March 31, 2022 400,000 options expired.

The following is a summary of the Company's options issued and outstanding under the SIP:

| | <u>Shares</u> | <u>Weighted Average Exercise Price</u> |
|--|------------------|--|
| Outstanding and exercisable at December 31, 2020 | 5,705,000 | \$ 0.10 |
| Exercised | (710,000) | 0.10 |
| Expired | (1,640,000) | 0.10 |
| Outstanding and exercisable at December 31, 2021 | 3,355,000 | \$0.10 |
| Granted | 1,820,000 | 0.09 |
| Expired | (400,000) | 0.09 |
| Outstanding and exercisable at March 31, 2022 | <u>4,775,000</u> | <u>\$0.093</u> |

The average remaining contractual term of the options outstanding and exercisable at March 31, 2022 was 3.47 years. At March 31, 2022, options outstanding and exercisable had no aggregate intrinsic value based on the Company's stock price of \$0.088 at March 31, 2022.

10. Leases

The Company renewed its office operating lease on February 1, 2022 for 12 months, and do not anticipate the lease will be more than 12 months. Since the remaining lease term one year or less the Company did not recognize a right to use asset and related lease liability on the balance sheet for the lease renewal. For the quarter ended March 31, 2021 the Company paid \$1,332 in lease payments, which was reimbursed by BeMetals under the terms of the Option Agreement.

11. Subsequent Events

The Company's director Joseph Baird retired from the Board of Directors of Thunder Mountain Gold, Inc., and from all other positions or offices with the Company effective April 11, 2022.
